DÉCAAR  
PARIS

NR Derma Aesthetic has chosen DÉCAAR for our main cosmeceutical line as it's a new and vibrant skincare brand that counts and draws on the vast experience of some of the most renowned business and skincare formulators in the industry, we also both share one common belief: the foundation of beauty is found in skin health. Together we are committed to creating and delivering innovative, unique, safe and highly effective skincare products and treatments, all with dermatologically proven results, that target the most specific skin types and concerns of our clients.

#### Where does DÉCAAR come from?

DÉCAAR was established in 2017 entering the professional cosmetic skincare market. It is, in essence, a brand built by a community of experts who have all been acknowledged for their respective expertise and knowledge in the industry. They have brought together product formulators from different parts of the world, with more than 30 years of experience to create a line of products which utilise the latest ingredients and innovative technologies both aligning nature with science. DÉCAAR's "community" of experts also include qualified aestheticians like Dr Rahman which adds to the global value of DÉCAAR, not only for spearheading the brand's penetration and growth in the global market and educating their worldwide customers, but more importantly for transferring highly valuable frontline information back to the R&D for new developments to lead market trends in a significant manner and to satisfy customer needs.

#### What is the DÉCAAR vision?

To constantly improve the quality of life for customers by developing, manufacturing and commercialising innovative, safe, highly active and efficient professional skincare products and cabin treatments to satisfy the most specific skin types and concerns.

# DÉCAAR

PARIS

## CLEANSERS, TONERS, EXFOLIATORS

The ultimate deep cleansing treatment for skin exhibiting pore congestion and toxic build up. A blend of precious minerals, Kaolin, Aloe Vera and Glycerin, working together to draw out impurities, to refine pores and to address skin congestion. Potent antioxidant ingredients neutralise free radical damage and reduce skin irritation while increasing hydration, strengthening the skin barrier function, regulating oil production and boosting skin immunity.

Cleansing Milk 200ml - £27.00

**Keywords** Dryness & Hydration, Eczema, Fine lines, Loss of Firmness, Pigmentation / Discoloration or dark spots, Redness / Sensitivity, Rosacea

A lightweight moisturising milk cleanser for all skin types

Has a low-pH cleanser, that helps remove excess impurities, while maintaining skin's natural pH balance. Although it is gentle on the skin, it is effective in removing make-up even from the eye area and cleansing the skin from dirt and excess oil. The formula of the Cleansing Milk is ideal for sensitive and dehydrated skin types.

One of the best moisturisers that assimilates water in the skin and prevents excessive evaporation. Leaves the skin clean and comfortably moisturised.

**HOW TO USE:** Cleanse face, neck and neckline using both hands in circular movements. Remove milk with water and cotton pads.

**ACTIVE INGREDIENTS:** Mucopolisacharides, d-pantenol, Wheat (Triticum Vulgare) Germ Extract, Glycosaminoglycans, Saccharomyces Cerevisiae Extract, Sodium Hyaluronate

Purifying Cleansing Gel 200ml- £27.00

**Keywords** Acne, Eczema, Oiliness / Blackheads / Dilated Pores, Pigmentation / Discoloration or dark spots, Redness / Sensitivity, Rosacea

A gentle cleanser for oily skin. It cleans greasy irritated skin with clogged pores or signs of acne, and it removes dirt, pollution and makeup. Leaves all skins feeling fresh, soft and comfortable.

With gentle, yet deep cleansing abilities, the Purifying Cleansing Gel eliminates impurities and excess sebum from the face, while maintaining the skin's natural defences. Formulated with a combination of powerful acne-fighting and soothing ingredients to ensure a pleasant and efficient cleansing ritual, leaving the skin looking and feeling clean and healthy. Suitable for normal and oily skin types.

**HOW TO USE:** Apply an appropriate amount on damp skin and massage thoroughly. Rinse off with water, pat dry.

**ACTIVE INGREDIENTS:** Lactobacillus Casei, Lactobacillus Acidophilus, oligosaccharides , Yakon, aloes.

PH Balancing Lotion 200ml (Daily Toner) - £27.00

**Keywords** Dryness & Hydration, Eczema, Fine Lines & Wrinkles, Loss of Firmness, Oiliness / Blackheads / Dilated Pores, Pigmentation / Discoloration or dark spots, Redness / Sensitivity, Rosacea

Our pH Balancing Lotion has anti-irritation properties and delivers an exceptional softening effect to the skin after its application. It assists in maintaining the skin's optimal pH, while supporting and restoring its natural defences. This makes the skin more resilient, less sensitive and better able to carry out its vital function of self-defence. The pH balancing lotion brightens the skin tone leaving it soft and radiant.

**HOW TO USE:** Saturate a cotton pad and smooth over face, neck, and décolleté after cleansing. Apply morning and evening.

**ACTIVE INGREDIENTS:** D-panthenol, Arnica montana, Horse chestnut (aesculus hippocastanum)

Phyto Lotion 200ml ( Toner) - £30.00

**Keywords** Acne, Oiliness / Blackheads / Dilated Pores, Pigmentation / Discoloration, Dark Spots

Made from natural botanical extracts, the Phyto Lotion is suitable for oily and acne-prone skin. Its calming and anti-bacterial properties have the ability to clean beneath the skin surface, fighting blackheads and breakouts. It also reduces shine and minimizes the appearance of pores, revealing a healthy complexion.

Ideal for oily and irritated skin with acne breakouts. This expert formula reduces the appearance of enlarged pores, helping to keep them clean, refined, and smooth. It balances overactive sebaceous glands and delivers a matte finish.

**HOW TO USE:** Apply to the skin with a cotton pad after cleansing the face with DÉCAAR purifying cleansing gel to tone the skin.

**ACTIVE INGREDIENTS:** Mentha Piperita Leaf Extract, Eucalyptus Globulus oil, Salicylic acid

**OXYGEN LINE:** The DÉCAAR Oxygen Program has shown a great capacity to improve the skin's vitality, through Oxygenation and Revitalisation. The Program uses highly active ingredients such as Perfluorodecalin and Malus Domestica fruit cells to improve the aerobic functionality of cell repair and regeneration. It performs deep skin hydration and changes skin profile and depth of wrinkles. The skin's immune system is significantly improved and the cells are energised.

O<sub>2</sub>

Oxygen Scrub 50ml (Exfoliator) - £35.00

**Keywords** Acne, Dryness & Hydration, Eczema, Fine Lines & Wrinkles, Loss of Firmness, Pigmentation / Discoloration or dark spots, Redness / Sensitivity, Rosacea.

This gel-based exfoliator rejuvenates the skin by providing extra oxygen and vitamins, giving it a boost to restore all skin functions. It cleans out the pores, giving the skin a radiant glow and a healthy-looking appearance.

**HOW TO USE:** It should be used after cleansing the skin with the DÉCAAR cleansing product of choice according to skin type. Apply to wet skin and massage with circular movements. Rinse with water or remove with wet sponge. In case of irritated skin, massage for just one minute and leave as a mask on the skin for 2 minutes before rinsing off. Dry the skin and apply a DÉCAAR mask of choice.

**ACTIVE INGREDIENTS:** Perfluorodecalin, Aloe Barbadensis Leaf Juice, Jojoba Esters

Oxygen Mask 50ml - £42.00

**Keywords** Dryness & Hydration, Eczema, Fine Lines & Wrinkles, Loss of Firmness, Redness / Sensitivity, Rosacea.

A unique mask containing Perfluorodecalin, which acts as an oxygen carrier and is formulated to energize and detoxify, bringing life to stressed skin and restoring a soft, luminous complexion. A triple oxygenating blend, delivering an infusion of molecular oxygen to help detoxify and eliminate ageing dullness, while supporting vital energy. Our complex adds extra youth-promoting ingredients, restoring translucent radiance, suppleness and smooth complexion.

The oxygen cream mask calms, hydrates and restores all skin functions by increasing the oxygen level of the cells. The skin metabolism is optimised and leaves the skin with a healthy glow. Fine lines are softened and the skin looks more healthy, tight and radiant.

**HOW TO USE:** Clean the skin with the DÉCAAR cleansing product and the DÉCAAR exfoliator of choice depending on the type of skin. Apply the Oxygen mask to skin and leave for 15-20 minutes. Remove with water and pH balancing lotion. Dry the skin and apply DÉCAAR oxygen serum or gel and DÉCAAR cream of choice according to type of skin.

**ACTIVE INGREDIENTS:** Perfluorodecalin, Argania Spinosa Kernel extract, Menthol.

Oxygen Gel 50ml (Serum) - £57.00

**Keywords** Acne, Dryness & Hydration, Eczema, Fine Lines & Wrinkles, Loss of Firmness, Oiliness / Blackheads / Dilated Pores, Pigmentation / Discoloration or dark spots, Redness / Sensitivity, Rosacea.

This energizing recovering gel keeps the skin looking and feeling hydrated, healthy and radiant. Helps encourage smoother, firmer skin and protect against future signs of aging. It protects and helps the skin against free radicals and ensures the skin can breathe freely so that its immune system is balanced and it can then recover from the signs of daily life.

**HOW TO USE:** Apply before using the DECAAR Oxygen 24 hours cream or, alternatively during daytime, finish with the DECAAR Oxygen cream SPF. Cleanse face well with a DECAAR cleanser according to skin type. Apply a small amount of the Oxygen Gel over the face and neck, concentrating under the eye area. Your skin firms as the gel dries. Oxygen Gel's nutrients feed the skin, while restoring ideal moisture balance. Use once or twice daily. Oxygen Gel is recommended even for the most delicate skin types.

**ACTIVE INGREDIENTS:** Perfluorodecalin, Vitamins (E and F), Panthenol

Oxygen Hydro 24hr 50ml - £50.00

**Keywords** Dryness & Hydration, Eczema, Fine Lines & Wrinkles, Loss of Firmness, Redness / Sensitivity, Rosacea.

Oxygen Hydro 24hr cream is a highly-concentrated moisturizing cream that leaves skin radiant, silky and moisturized. The active ingredients effectively support the problems of dryness, dehydration and skin discomfort.

This easily absorbable light textured cream guarantees the restoration of the skin's hydro balance as well as an intense cellular revitalisation. It is especially advantageous if used as a soothing treatment or in the replenishing phases after chemical and/or multilevel peeling thanks to the synergy of the hydrating and revitalising effects.

**HOW TO USE:** Apply after DECAAR Oxygen gel or serum to moisturise, soften, hydrate and balance the skin. This high energy 24H lightweight cream is suitable for even the most delicate skins.

**ACTIVE INGREDIENTS:** Alantoin, glycerin, d-panthenol, macadamia oil, squalane, hyaluronic acid, epigallocatechin gallate, triticum vulgare germ extract

# DÉCAAR

PARIS

Oxygen Cream SPF30 50ml - £46.00

**Keywords** Acne, Dryness & Hydration, Eczema, Fine, Loss of Firmness, Oiliness / Blackheads / Dilated Pores, Pigmentation / Discoloration or dark spots, Redness / Sensitivity, Rosacea

Even skin tone and texture and reveal naturally radiant skin with Oxygen Cream SPF 30 protection. This facial moisturizer with sunscreen is proven to improve tone, texture, dullness, blotchiness, and brown spots. Non-oily touch and non-comedogenic, and it includes SPF30 to help protect your skin from further sun damage and fight the early signs of skin ageing. It protects against the damaging effects of UVA/UVB rays. This daily facial moisturizer is wearable under makeup and leaves skin glowing.

This high protective sun cream keeps the skin looking and feeling hydrated, energised, radiant and also protected so that it can breathe freely to help resist against aging and recover from the signs of everyday life.

**HOW TO USE:** The last step of your perfect morning skincare ritual. Apply after DÉCAAR serum or oxygen gel followed by DÉCAAR cream of choice according to skin type.

**ACTIVE INGREDIENTS:** Perfluorodecalin, UV Filters

BB Oxygen Cream SPF50 50ml - £49.00

**Keywords** Tinted, Acne, Dryness & Hydration, Eczema, Fine Lines & Wrinkles, Loss of Firmness, Oiliness / Blackheads / Dilated Pores, Pigmentation / Discoloration or dark spots, Redness / Sensitivity, Rosacea

A lightweight tinted sunscreen that is designed with exclusive blue light technology. It protects against the damaging effects of UVA/UVB rays, while oxygenating and hydrating, giving a more even skin tone appearance. Non-oily touch.

This coloured sun cream is quickly absorbed without any greasiness, leaving a refreshing smooth skin. Its tone changes and adapts to the natural skin colour with natural light. Absorption of excessive sebum results in a long-lasting effect. Strong UV protection and healthy skincare. Deep skin wrinkles to fine wrinkles reduction. Your freckles, blackheads, and dark skin will lighten up.

**HOW TO USE:** The last step of your perfect morning skincare ritual. Layer on after DÉCAAR serum or oxygen gel followed by DÉCAAR cream of choice according to skin type.

**ACTIVE INGREDIENTS:** Phenylbenzimidazole Sulfonic Acid, Titanium Dioxide

DERMAAESTHETICS

Energizing Eye Cream 30ml - £42.00

**Keyword** Acne, Dryness & Hydration, Eczema, Oiliness / Blackheads / Dilated Pores, Pigmentation / Discoloration or dark spots, Redness / Sensitivity, Rosacea

A firming formula for the most delicate area of the face, that targets the appearance of fine lines, dark circles, puffiness and crow's feet. The advanced blend of ingredients makes use of the body's natural skin renewal processes to achieve results in less time. Ideal for mature or delicate skin, this eye cream helps to restore a youthful glow and healthy appearance around the entire eye area

It contains concentrated energy that restores vitality and radiance to the eye area. The ability to improve the microcirculation provides an effective solution against bags and other signs of aging and fatigue around the eye area. The epidermis around the eyes is renewed and restored. Suitable for every type of skin, even for the most sensitive ones.

**HOW TO USE:** Pat gently with your fingertips into the eye area as well as the upper and lower eyelid. It can be used several times during the day. It is recommended to store the eye cream in your refrigerator or a cool place in order to improve its particular effectiveness against puffiness under the eyes.

**ACTIVE INGREDIENTS:** Horse chestnut (*Aesculus hippocastanum*), Arnica montana, VTA liposome complex (Microcollagen, Vitamin C, Rutin), Peptids, D-panthenol,

# LABORATORIES TEOXANE GENEVA

Teoxane 3d Lip - £27.00

**Keywords** Hydrating, Smoothing, Plumping, Dryness, Thin, Definition

Made in Geneva, Switzerland This lip care product contains hyaluronic acid, meaning that it helps to minimise the appearance of fine lines and wrinkles and to fortify the skin's natural moisture barrier. This item will also work to give skin a plump and youthful look and to keep skin firm and supple as it contains collagen

What does Dr Rahman say?

*"By far the best lip care product I have come across, this rich, hydrating and reparative daily lip care treatment features densifying and nutritive ingredients that work together to smooth, nourish, and achieve a plumping effect for the lips. Can often prolong filler results and also good for post-lip filler aftercare."*

**ACTIVE INGREDIENTS:** castor oil, ceramide, collagen, hyaluronic, lactic acid and shea butter.
